Degree Partnership and the Military-Connected Student

The Mission of the Holcomb Center for Military and Veteran Resources is to support all the members of the Oregon State University military-connected community wherever they may be pursuing their educational goals by assisting them in navigating the requirements of higher education, ensuring their awareness of available benefits and services, and to achieve a successful learning experience at OSU.

In this session, we will discuss the opportunities made available by using the Degree Partnership Program in conjunction with VA educational benefits while pursuing an undergraduate degree.
